## PRODUCT DESCRIPTION

The DF1200 is a [double sided, wood burning fireplace](#) that allows you to extend the enjoyment of a wooden log fire to more than one living space in the home. Designed with dual glass door openings on both sides. The DF1200 is ideal for large areas and as the focal point of entertainment, it allows you to create two very different areas within one space. The fireplace is designed to be inserted in a wall between two rooms or surrounded by plasterboard in the middle of a large room.

The clean and uninterrupted lines of the unit are also enhanced by the use of a removable handle and the cleverly designed ash extractor makes cleaning your fireplace a matter of ease. The DF1200 also features [Chazelles](#) unique **Dual Opening Door System** that allows you to enjoy the ambience of an open fire or by sliding the door down, the firebox immediately reverts to a safe and efficient, slow combustion [wood fireplace](#).
