Dovre offers you a broad range of modern, timeless, or traditional stoves made in premium cast iron, using state-of-the-art production techniques. Indeed, Dovre designs make a stylish feature in any interior.

Nothing can really match the splendour of real flames. People have been warming themselves in front of an open fire for centuries.

Dancing flames hold a huge attraction to us

The Dovre range consists mainly of wood-burning stoves, with superior heating technology, guaranteeing an environmentally responsible combustion and high efficiency.
