PRODUCT DESCRIPTION

Jøtul F 305 series has a horizontal design that makes it easy to place logs and provides a rapid 10kW peak heat transfer to the room. Integrated convection has an impressive 1g/kg emission rate. With Norwegian designers Anderssen & Voll, we have made a stove which merges 160 years of heating experience with timeless design.

Available with Long Legs (LL) or wood stacker base (B) with the legged model also available in White Enamel.

Advantages

- Large firebox with a modern design
- Short distance to combustible walls
- Unparalleled view to the flames
