PRODUCT DESCRIPTION

Performance, design and dependability are just a few of the attributes of the Hayra 85 L. This elegant wood-burning fireplace is a perfect choice for those looking for a design solution without sacrificing functionality. The Hayra 85 L provides a considerable 13.1kW of heat output with an average of 63% efficiency. Exhibiting all the traits that come with every ADF fire, these fires represent a strong tradition of workmanship, all whilst beautifully and efficiently distributing comfort and warmth. Acquiring an ADF wood burning fireplace isn't simply insuring heating solution for your home; it is comfort, dependability, well-being and a work of art.

Features

- Built in base included
- Constructed using high-strength 5mm quality black steel
- Automatic flue damper system significantly reduces smoke ingress to the room on re-fuelling
- High density vermiculite lining system insulates the combustion chamber, providing better heat reflection
- Removable door handle, ensures a cool touch when stoking or refueling the fire
- Vertical smoke exit through the top
