PRODUCT DESCRIPTION

Jøtul F3 TD is a medium sized stove that has a classic design, with a large glass door which gives a fantastic view of the flames.

The rear heat shield is optional if installing next to a non-combustible wall

Specifications

- Max average heat output: 11.1kW
- Overall average efficiency: 66%
- Efficiency on Low setting: 72%
- Particulate emissions: 1.0g/kg
- Operational mode: Intermittent*

Intermittent combustion is here taken to mean normal use of a fireplace, meaning that each fire should burn down to embers before new firewood is added

Advantages

- Cast iron
- Spacious combustion chamber
- Additional heat shield available
