PRODUCT DESCRIPTION

The Lopi 4415 ST HO GS2 is a striking double sided fireplace featuring ceramic glass for increased radiant heat, dual blowers that can be directed equally to both sides of the [fireplace](#) or adjusted to blow out of just one side for design flexibility.**

The 4415 ST HO GS2 has a huge viewing area and a heating capacity of up to 185sqm* so this fireplace will not only look good but work as a heating solution for large or multiple connected rooms.

*Heating capacity varies according to the size of closed off area, ceiling height, floor plan, insulation and outside air temperature. **Direction of blowers must be set-up at time of installation.
